

NLSDAYS 2015

Nordic Life Science Days

September 9-10, 2015
Stockholm, Sweden

Nordic Life Science Days is a The Swedish Life Science Industry Organisation **swedenBIO** event

Produced by **bionordic**

Invest - Partner - Network

2 days for meeting with the best the Nordic region has to offer
2 days for new partnering opportunities
2 days for entering into new deals

Partnering powered by: **partneringONE** | a service of **ESB GROUP**

Special NLSDays 2015 Co-Hosts:

Official Media Partner:

[illegible]

Welcome to the Nordic Life Science Days!

Välkommen!

Welcome to Nordic Life Science Days 2015!

Or welcome back! Whether you are a first time visitor or a returning delegate, you are now part of a growing community focused on business opportunities in Nordic Life Sciences.

After two editions only, NLSDays is already considered as the largest Life Science partnering event held in the Nordic region.

The immediate success showed that we sure were on the right track. With 650 delegates in 2013, 890 in 2014, we knew that we had created an important meeting point for the Nordic and global Life Science industry. This year's number shows that it was just the beginning.

This year we are proud to open our event to Baltic countries. This is made possible through close cooperation with ScanBalt BioRegion. Collaboration that shows how new contact points can be created when creative and determined minds come together.

We hope that you will find your next partner in the same way during these days. Make sure to use the partnering system and the many meeting points set up during the conference!

Speaking of partners, we want to thank all our sponsors, exhibitors and supporters for the important commitment that makes this meeting possible.

On behalf of SwedenBIO and Bionordic, we welcome you to a fruitful meeting and hope to see you again at Nordic Life Science Days in September 2016!

SwedenBIO – helping innovative companies succeed!

SwedenBIO is the national trade association for the life science industry in Sweden. The organization is member driven, private, non-profit and was founded in 2002. Our vision is to help create a world leading life science industry in Sweden.

Our main objective is to strengthen our members and enable them to develop new innovative treatments, devices and diagnostics that will improve health across the world. As a member, you join a network of professionals and take part in Sweden BIOs advocacy.

We create meeting points where individuals and organizations can meet, exchange knowledge and form new ideas. Our largest annual meeting is Nordic Life Science Days, an event that helps market Nordic life science and brings business and investors to the region.

We also have a continuous dialog with the government and society to create visibility and interest for Swedish Life Science, thereby lending support to the development of a successful industry.

Conference Services for the Life Science Industry

Bionordic – bringing your event to success!

Bionordic is a global event management company, organizing and producing conferences and corporate events. It supports a large range of international clients including public and private agencies, non-governmental organizations, regional and multinational corporations.

We are part of the new Nordic Life Science ecosystem, being innovative, creating content and value for our customers. We conceive, produce and deliver unique events and substantial partnering and networking opportunities.

Based on cutting edge and technology solutions, we offer our clients a full in-house specialist event management service supported by a passionate team of experts focused on creating amazing events.

What we are good at: Venue Sourcing, Event Management, Exhibition Management, Technical Coordination, Cost-Killing, Event Business Development & Sales, Public/Private Fundraising, Marketing & Participant Sourcing, Programme Design, Speakers Sourcing, Conference Website, Abstracts Applications, Online Registrations & Payments, Partnering Platform & Face-to-Face Meetings, Social & Community Networks.

We are proud to be the official producer of the Nordic Life Science Days, a SwedenBIO event.

07:30 - 09:00	Welcome Coffee	Level 4 Exhibition Hall
08:45 - 09:45	Welcome & Opening Plenary	Level 5 Room A2

HOSTED BY: **SwedenBIO** and **Bionordic**

Join the organizers and keynote speakers to launch the 3rd Nordic Life Science Days. This edition of the meeting has a focus on the new Life Science value chain and the future of Life Science with a focus on strengths and opportunities in the Nordic region.

MODERATOR: **Ms. Ingrid Heath** - Director of Policy, SwedenBIO

INTRODUCTION:

- **Mr. Olivier Duchamp** - Managing Director, NLSDays - CEO, Bionordic
- **Dr. Jonas Ekstrand** - Director General, SwedenBIO
- **Dr. Ulrica Sehlstedt** - Partner, Arthur D. Little

WELCOME ADDRESS:

- **Ms. Helene Hellmark Knutsson** - Swedish Minister for Higher Education and Research

KEYNOTE ADDRESSES:

- **Prof. Anders Hamsten** - Vice-Chancellor, Karolinska Institutet
- **Dr. Stefan Simianer** - Senior Director International Clinical Development, AbbVie

Speaker:

- **Ms. Unni Hjelmaas** - CEO, Lytix Biopharma AS

10:00 - 18:00	Face-to-Face Partnering Meetings	Level 2 Partnering Area
---------------	---	----------------------------

POWERED BY: **partneringONE**

HOSTED BY: **Business Sweden**

Wednesday, September 9, 2015

10:00 - 11:00

Super Session 1

Level 5
Room A2

The Baltic Sea Region as one test site for the development of health care products and services.

HOSTED BY: **ScanBalt BioRegion**

The Baltic Sea region is taking steps towards being an interconnected test site for the development of health care products and services. This is a huge benefit for SMEs, which faster and easier can bring their innovations to the market and it improves the health care offered to patients. For the regions it means more efficient use of existing research and innovation infrastructure and economic development.

MODERATOR: **Dr. Jaanus Pikani** - Serial Entrepreneur - Board Member - Former Hospital Director - Chairman, ScanBalt

SPEAKERS:

- **Dr. Martin Smit** - Director of The Graduate School of Medical Sciences, University Medical Center Groningen
- **Mr. Jukka-Pekka Luostarinen** - CEO, Relaxbirth Oy
- **Mr. Seppo Mäkinen** - Regional Partner, Merieux Development
- **Dr. Wolfgang Blank** - President Chamber of Commerce - CEO, Biotechnikum Greifswald

10:00 - 11:00

The Future Health: New Players and New Possibilities in the Digital Era

HOSTED BY: **Swedish Medtech**

The session will highlight what we all - innovators, investors, policy makers, health and social care - must relate to; how digitalization and new technologies create new opportunities and inspire new ways of thinking. Keynote address by Anders Ekholm, Deputy Director of the Swedish Institute for Future Studies. Mr Ekholm will talk about how demographic changes, changing values and advances in technology will have an impact on our future society.

MODERATOR: **Dr. Ragnar Lindblad** - CEO, B3IT Healthcare

SPEAKERS:

- **Mr. Anders Ekholm** - Deputy Director, Swedish Institute for Future Studies
- **Ms. Sofia Svanteson** - Founder and Design Strategist, Ocean Observations
- **Dr. Tomas Block** - Chief Medical Officer, Cambio Healthcare Systems
- **Mr. Sastry Chilukuri** - Principal, McKinsey

Karolinska Institutet
Holding AB

New Collaboration Models in Life Sciences

HOSTED BY: **Karolinska Institutet Holding**

Increasing challenges and a firm desire to capture new opportunities are driving the development of new collaborative models between academia and industry as well as big and small companies.

Join this session to learn how Karolinska Institutet, Johnson & Johnson Innovation, AstraZeneca and a representative SME actually do to optimize their output in a rapidly changing life science landscape.

MODERATOR: **Dr. Magnus Persson** - Seasoned scientist, investor and Life Science entrepreneur - CEO, Karolinska Institutet Holding - Chairman of the Board, Karolinska Institutet Innovations

SPEAKERS:

- **Pr. Alexander von Gabain** - Deputy Vice-Chancellor for Innovation and Corporate Alliances, Karolinska Institutet
- **Dr. Anna Gran** - External Innovation Liaison Nordics, Johnson & Johnson Innovation
- **Mr. Jan-Olof Jacke** - President, AstraZeneca AB
- **Ms. Kristin Sandereid** - Executive Fund & Business Developer, Invent2
- **Dr. Sam Williams** - CEO, Modern Biosciences

Rare Diseases - Development trends and strategies of orphan drugs

HOSTED BY: **Sanofi**

Co-HOSTED BY: **Voisin Consulting Life Sciences**

Rare diseases are recognized as an important public health issue and a challenge to medical care. In recent years, much progress has been made with the initiation of regulatory frameworks, and an increase in orphan drug designations has been observed. The session will include exchanges of views on different stages of development of orphan drugs, including regulatory aspects, development trends and strategies, experience from investing in orphan drug companies, and the industry perspective on market access.

MODERATOR: **Dr. Frédéric Pailloux** - Head Senior Director Drugs and Biologics, Voisin Consulting Life Sciences

SPEAKERS:

- **Dr. Olaf Ritzeler** - R&D Partnerships Director, Strategy, Science Policy & External Innovation, Sanofi
- **Mr. Marten Steen** - Partner, HealthCap
- **Ms. Wills Hughes-Wilson** - SVP, Chief Patient Access Officer, Sobi

Personalized HealthCare - Matching Medicines to Patients

HOSTED BY: **AstraZeneca**

CO-HOSTED BY: **Innomedica**

Over the past few years, a number of products that signal a new era of medical product development have entered the market or come on the horizon. Personalized HealthCare aims to match treatments to patients who will benefit from them the most. Developing new treatments in this way changes the way HealthCare is delivered to patients. It means better, more effective treatment for patients and enhanced value for payers. The session will address the challenges facing the Personalized HealthCare and Diagnostic players and how they are transforming the landscape of HealthCare.

MODERATOR: **Ms. Tanja Dowe** - Managing Partner, Innomedica

SPEAKERS:

- **Dr. Joachim Reischl** - Vice President & Head Policy, Portfolio and Externalisation, Personalized Healthcare & Biomarkers, AstraZeneca
- **Dr. Matt Ellis** - Vice President Research & Development, Watson Healthcare & Life Sciences
- **Pr. Jan Liliemark** - Programme Manager, The Swedish Council on Health Technology Assessment (SBU)

Thursday, September 10, 2015

08:45 - 09:45

Workshop 1

Level 3

Room 35/36

Maximising the investibility of Intellectual Property rights

HOSTED BY: **PRV, the Swedish Patent & Registration Office**

Co-HOSTED BY: **Potter Clarkson**

Patents and other intellectual property rights (IPRs) are crucial to the success of most life sciences ventures. As a result, a robust and effective IPR portfolio is often a prerequisite to attracting investment.

In this session, Dr Andy Sanderson and Dr Tony Proctor will first outline the core strategies for maximising the strength of IP Portfolios. Next, Ann-Sofie Sternås EPA will provide an investor's perspective on IPRs – what do investors look for in an IPR portfolio and what are the common IP weakness seen in candidate investments? Dr Eskil Söderlind will then discuss his experience of using IP as a tool for attracting investment.

The talks will close with a Q&A session.

MODERATOR: Dr. Andy Sanderson - European Patent Attorney, Potter Clarkson

SPEAKERS:

- **Dr. Tony Proctor** - European Patent Attorney, Potter Clarkson
- **Ms. Ann-Sofie Sternås** - Vice President IPR at Karolinska Development
- **Dr Eskil Söderlind** - CEO, Bulb Intelligence
- **Mr. Maziar Soltani** - Head of Unit, PRV The Swedish Patent and Registration Office

10:00 - 11:00

Super Session 7

Level 5

Room A2

Early Stage Financing

HOSTED BY: **Vinnova**

Early stage financing for commercial biotechnology continues to challenge SMEs and funders, both private and public, across Europe. The combined pressure of reduced spending power (especially public) but increased demands, funders and policy makers are refining finance for maximum impact on the early stage technologies that strive for maturity. The pressure on pharma to provide new products, on governments to make public health care more efficient and on all parties to align development for reduced fragmentation helps to focus topics and maturation priorities for early stage funding.

This session looks at how current funding mechanisms are evolving and new funding programmes emerging at national, European and global level to support the next generation of SMEs. Bringing the expertise of VINNOVA to the fore, the panel will give a snapshot of funding programmes and discuss with the audience, how the future of funding needs to look.

MODERATOR: **Dr. Claire Skentelberry** - Network Manager, Council of European Bio Regions

SPEAKERS:

- **Dr. Jenni Nordborg** - Head of Department Health Division, Vinnova
- **Mr. Reidar Gårdebäck** - Director, Medtech4Health
- **Dr. Peter Nordström** - Programme Director, Swelife
- **Dr. Anna Kristine Larsen** - Scientific Officer, Innovationsfonden
- **Dr. Gunnar Sandberg** - Programme Director EUREKA, Vinnova

LÄKEMEDELSVERKET
MEDICAL PRODUCTS AGENCY

Regulatory

HOSTED BY: **MPA, the Swedish Medical Products Agency**

CO-HOSTED BY: **Voisin Consulting Life Sciences**

The regulatory environment is one of the most important external factor that affects life sciences companies' organization, processes, and technological strategy. From early product development stages, health authorities offer plenty of opportunities to establish collaborative interactions with regulators, throughout the development cycle.

The session will focus on the challenges most commonly faced by early-stage companies, and the opportunities to engage with regulators.

MODERATOR: **Ms. Tacye Connolly** - EVP, Voisin Consulting Life Sciences

SPEAKERS:

- **Dr. Brita Sjöström** - Head of the Innovation Office, MPA
- **Dr. Lennart Åkerblom** - Senior Expert on Advanced Therapies, MPA

OSLO CANCER
CLUSTER

Oncology 2025

HOSTED BY: **Oslo Cancer Cluster**

Oncology is at the forefront of realizing the promises of precision medicine. Huge and complex datasets are exploited for novel drug development as well as for informed and real-time care decisions. Emerging Cancer immunotherapies represent a paradigm shift for cancer treatment triggering a global R&D race and novel partnerships. Furthermore, the convergence of the genetics and digital revolution creates novel types of products, companies and growth opportunities transforming the sector.

In this session, international thought leaders will discuss current game changing innovations and their impact on the industry in the years ahead. Special focus will be on novel partnering and collaboration models to advance innovations towards a changing market.

MODERATOR: **Mr. Richard Godfrey** - CEO, BergenBio

SPEAKERS:

- **Dr. Timothy Fisher** - Lead Immuno-Oncology/Oncology, Search & Evaluation, Bristol Myers Squibb
- **Dr. Stefan Ries** - External Innovation Oncology Discovery, Roche
- **Dr. Anthony Bak** - Principal Data Scientist, Ayasdi
- **Dr. Erik Lund** - Director Business Development & Licensing, MSD

EUSMESUPPORT

HORIZON 2020

Horizon 2020 - Getting Personal on Health

Co-HOSTED BY:

UK Science and Innovation Network
EUSME Support2020,
Biopeople
Cell Therapy Catapult

The trilateral session is jointly hosted by the UK Sciences and Innovation Network, EUSME Support2020, Biopeople and Cell Therapy Catapult.

Horizon 2020 calls for the next program period 2016-2017 to be published soon! Be ready when the calls open in 2016. Make sure you have the right partners! Start looking for them now! New opportunity during NLSDays – a pitching session/search for partners in Horizon 2020 projects.

The focus of the pitching session will be on calls within the health theme “Treating and managing disease”, with a special focus on “New Therapies for Chronic Disease” and “Clinical Research on Regenerative Medicine”.

The session is based on pitch-presentations from five innovative companies each from Sweden, Denmark and the United Kingdom.

MODERATOR: Ms. Tuulikki Lindmark - Director, EU Support Office at SwedenBIO

INTRODUCTIONS:

UK: **Dr. Nina Bauer** - Business Development Executive, Cell Therapy Catapult

Denmark: **Mr. Elias Zafirakos** - Science & Innovation Cluster Manager, Biopeople

Sweden: **Dr. Elisabet Nielsen** - Programme Manager, Vinnova

Presentation companies: To be announced

Value Based HealthCare Changes the Playing Field

HOSTED BY: **Swedish Medtech**

CO-HOSTED BY: **AbbVie**

Value based healthcare introduces a healthy focus on treatment outcome and the patient's experience as the most important outcome measure. This will force companies to change their business models and the healthcare providers to collaborate on a deeper level, making risk sharing more common.

Perspectives from big established as well as from small upstart companies in short to-the-point presentations, summarized in a concluding panel discussion and Q&A session with the audience.

MODERATOR: **Dr. Stefan Larsson** - Senior Partner and Managing Director, BCG Stockholm

SPEAKERS:

- **Ms. Sarah Lidé** - Manager, PWC
- **Mr. Magnus Gink** - Partner, Healthcare Transformation Services, Philips Healthcare
- **Ms. Marie Ekström** - President at Sectra Imaging IT Solutions, EVP Sectra
- **Mr. John A. McCarthy** - Government Affairs Director, Abbvie Region North

Nordic Stars Awards and Nordic Life Science Landscape

Arthur D Little

HOSTED BY: **SwedenBIO**

CO-HOSTED BY: **Arthur D. Little**

Nordic Life Science Days 2015 focus on the new value chain. During this session we will summarize the meeting and for the third year we will announce the winners of Nordic Stars Awards. The Nordic Stars Awards was established in 2013 to reward companies which highlight the innovative Nordic life science community.

The winners will give their view on how they are preparing for the future and representatives from health – innovation and patent authorities discuss what society can do to facilitate the transformation to a more innovative and patient focused life science sector.

MODERATOR: **Ms. Ingrid Heath** - Director of Policy, SwedenBIO

SPEAKERS:

- **Dr. Ulrica Sehlstedt** - Partner, Arthur D. Little
- **Ms. Susanne Ås Sivborg** - Director General, Swedish Patent and Registration Office (PRV)
- **Dr. Anna Kristine Larsen** - Scientific Officer, Innovationsfonden
- **Mr. Ketil Widerberg** - CEO, Oslo Cancer Cluster
- **Nordic Stars Awards 2015 winners**

bionordic

Professional Solutions for Conferences & Events

- ▶ Our Market Place : the Nordic region
- ▶ Our Expertise : the Life Science industry
- ▶ Our Mission : Bring your event to success

GLOBAL EVENT ORGANIZATION

Bionordic is a global event management company. We organize and produce conferences and corporate events across the Life Science industry sector.

FACE-TO-FACE MEETINGS

Bionordic provides professional partnering solutions adapted to your needs and the number of participants attending your events.

ONSITE TECHNOLOGY

Bionordic offers a full range of computer and audiovisual equipment and a network services. Experts in IT and Information Technology Consulting are part of our overall service approach.

CLOUD EVENT SOFTWARE

Bionordic makes your event a success by applying its expertise in event website development, registration, online payments, CRM tools, abstracts and posters management.

INTRANET & COMMUNITY

Bionordic delivers full configurable Intranet combined with interactive communication and collaboration tools that you are used to from social networks.

Bionordic, your partner in events!

10TH ANNUAL INTERNATIONAL PARTNERING CONFERENCE

BIO-EUROPE SPRING® 2016

APRIL 4-6, 2016 // STOCKHOLM, SWEDEN

Where the global biotech industry comes to partner

BIO-Europe Spring® is the premier springtime partnering conference which annually attracts an international "who's who" from biotech, pharma and finance for three days of high caliber networking.

Important deadlines:

December 11, 2015 - Apply to present deadline

January 25, 2016 - Early registration deadline

Please use registration code: **DE021_BES16_NLSD**
