

## CONFERENCE PROFILE – 260 WORDS

**1<sup>st</sup> Nordic Life Science Investment Day / NLS Invest 2021 / 19 April 2021**  
**8<sup>th</sup> Nordic Life Science Days / NLSDays 2021 / 20-21 April 2021**  
**Malmö - sweden**

### **The Nordic way of doing life science business**

NLSInvest is a by-invitation-only event through which 60+ selected companies within the Nordic life science industry will be invited to pitch before a range of national and international investors, including pharmaceutical venture arms.

NLSDays offers partnering and knowledge for anyone interested in the Nordic life science, biotechnologies, pharmaceuticals, medical devices and e-health business. We offer plenty of opportunities to connect.

### **Meetings on your terms**

Every meeting is an opportunity. At NLSDays, we focus on meeting quality, not quantity. We provide ample time for you to meet your fellow delegates in a stress-free environment.

The Nordic region is proud to host some of the world's most innovative biotech, healthtech and pharma companies. It also has the 12th strongest economy, making it the perfect place to invest. Set in the vibrant Malmö-Copenhagen region, in the heart of the Medicon Valley, the conference offers conference super sessions, seminars, company presentations, exhibition, face-to-face meetings and unique receptions, providing so many opportunities to network with peers, potential partners and investors.

Based on attendance at previous events, NLSDays 202 is expecting 1300+ international delegates.

### **Highlights from previous NLSDays**

1300+	participants
40+	countries
800+	companies/organizations
3000+	scheduled Face-to-face meetings
