WELCOME TO NLS DAYS

Nordic Life Science Days is the largest Nordic life science partnering conference, bringing together the whole ecosystem consisting of biotech and medtech companies, big pharma, service providers, start-up companies, and investors.

NLSDays offers two full days of activities including a stage programme with high-profile speakers and panellists, partnering meetings through the One-on-One Partnering system, exhibitors, fire-side chats, company presentations, a company pitch competition, and an investors' dinner.

Join us as we gather decision-makers from the Nordic life science sector and international participants to partner and share the latest developments in business and science!

Where Nordic life science greet the world

Nordic Life Science Days
29-30 November 2023
Copenhagen, Denmark

ENJOY A BUSY AGENDA

Whether you come for networking, partnering, or the latest insights into the life science arena, NLSDays offers two days packed with activities and opportunities.

- **Partnering meetings** through the renowned One-on-One Partnering system.
- **Exhibitions and company presentations** where you can meet Nordic and global actors.
- **Stage programme** offering expert voices on the latest trends and topics in life science.
- **Networking opportunities** with leading decision-makers from biotech, pharma, med-tech, as well as finance, research, and policy.
- **Social activities**, including lunches, coffee breaks, a reception at the City Hall, and an after-party.

WHY JOIN NLSDAYS

NLSDays attracts highly qualified life science experts and executives looking for their next business or investment opportunity. Here, it's easy to find new project partners and customers to strengthen your market position.

SPONSORS

Become one of our proud sponsors and gain increased visibility on the Nordic life science arena.

EXHIBITORS

NLSDays' exhibitors connect directly with the industry's decision-makers and executives.

PRESENTERS

Our company presentations allows you to highlight your company's achievements to a broad industry audience.

PITCH COMPETITION

Nordic companies in the two categories early and advanced SMEs can apply to compete in the NLSDays Nordic Star 2023 pitch competition, free of charge.

INVESTORS

Investors engaged in direct investments into life science and R&D companies receive one complimentary registration and are welcome to a private investors' dinner.

DELEGATES

Individual delegates have access to all super sessions, fireside chats, the exhibition, company presentations, One-on-One partnering, and social activities.
